INTRODUCING THE NEW
CS5 TOURING

FOR YOUR ROAD,
AND WHATEVER ROUTE IT TAKES.

LIFE'S A ROAD TRIP. **COME ON, LET'S GO.™**

The best technology, innovation and performance Cooper has to offer, rolled into one outstanding tire.

CS5 TOURING

CS5 ULTRA TOURING

CS5 GRAND TOURING

WEAR SQUARE™ Visual Indicator

- 5 stages of visual wear
- Provides confidence knowing approximate remaining tread life
- Provides indication of correct alignment

COUPLED SILICA COMPOUND

- Advanced compound formulation allows for four times the amount of silica than traditional compounds
- Improves wet handling/braking & fuel economy

3D MICRO-GAUGE™ Siping

- Full depth 3D sipes that Interlock elements for improved handling
- Increased biting edges improve wet and light snow traction
- Improves worn appearance – 85% more sipes at half worn

ASYMMETRIC Tread Design

- Tread is engineered to deliver a long lasting smooth quiet ride in all weather conditions
- Designed for rotation to all four corners providing an even wearing long lasting quiet ride

STABLEEDGE™ Technology (Available on the CS5 Ultra)

- Improves handling and controlling by stabilizing the tread elements
- Enhanced steering precision
